RELIEF-STRESSED,  
ROCK-LIKE STRUCTURE –  
STRÖHER EVERGREENS  
AND CLASSICS

# ROCCIA

**TIMELESS, RELIABLE: TYPICAL ROCCIA. FUNCTIONAL TERRACE SURFACING AS A GENERIC TERM FOR 'OUTDOOR CERAMICS'.**

Every success story is driven by a certain phenomenon. By the stroke of fortune of having the right idea and putting it professionally into practice at exactly the right time – and not just once.

This classic product is the realisation of an idea that timelessly encompasses the zeitgeist. A Mediterranean surface structure combined with the product benefits of genuine coarse ceramic material. Frost resistance and trim pieces variety with a relief-stressed, rock-like structure. Summer flair that can withstand the winter; winter hardness with the flair of summer. For outside and inside.
